

This letter is in reference to the radio station with the call letters of K-Love. K-Love has been such a great thing for our family. As Christians, we had no other stations in our area that played Contemporary Christian Music. We had to either leave the radio off or have tapes or CD's in the car. This has all changed since K-Love came into our area. We are financial supporters of K-Love also. I just cannot imagine not having K-Love in our area. Our whole family loves it including our children. Please keep it on the air.
